## MARSDEN 1 UPDATE

Strike Energy Limited is pleased to advise that personnel and supplies have been remobilised to the Marsden 1 site in PEL 95 (Strike 50%) and drilling operations are expected to resume shortly.

Marsden 1 is currently at a depth of 1,908 meters and will be drilled to a planned total depth of 2,640 meters. Coal intervals in the Toolachee and Patchawarra formations and the Murteree shale will be cored and the well will be comprehensively logged.

At this stage, Marsden 1 is expected to reach total depth in 15 to 20 days.

Yours faithfully

DAVID WRENCH  
Managing Director
